

**Our mission is
to gather in
the name
of love
to honour our
ancestral wisdom and
our capacity
for healing**

In the summer of 2019, a series of 12 sessions were held throughout Indigenous Communities in the Province of British Columbia to talk about a Path Forward and away from Violence against Women & Girls. These affirmation posters were created to help us work through some of the hard but important questions.

These sessions were funded and supported by the BC Ministry of Public Safety and Solicitor General and facilitated by Alderhill Planning Inc. Poster design: Evelyn White
